

Product Change Notification

(Notification - P1602013-DIGI)

(MEPM-AC-15-0009)

February 23, 2016

To: *Our Valued Digi-Key, Inc. Customer*

Overview: The purpose of this notification is to communicate a product change for select Renesas Electronics America, Inc. (REA) devices. These devices have replacement part numbers.

This notification announces a revision change for certain RL78/G12 products in the 20-Pin LSSOP and 24-Pin HWQFN packages. This notification does not affect the devices in the 30-Pin LSSOP package.

The new version of the product eliminates the restrictions on the LS (low-speed main) mode. Please see Renesas Technical Update Document TN-RL*-A012C/E for more information on this issue.

There are no changes in reliability or electrical specifications.

Affected Products: The accompanying letter, provided by Digi-Key, Inc., lists the products which may affect your company.

Part numbers given in this list are for active part numbers in REA database at the time of this notification.

Key Dates:

Mass production shipments from REA of replacement products begin.

Apr. 1st, 2016

Response: No response is required. REA will consider this notification approved 30 days after its issue. If you anticipate volumes beyond your regular rate prior to the transition date, please contact your REA sales representative with a forecast of your requirements.

You are encouraged to sample the replacement device and begin qualification as soon as possible. Please contact you REA sales representative to obtain samples.

Please contact your REA sales representative for any questions or comments.

Thank you for your attention.

Sincerely,

Renesas Electronics America, Inc.
